I, DARRICK ANGELONE, declare as follows:

I am one of the Defendants in the above-captioned case. I have personal
knowledge of the following facts and, if called upon as a witness, could competently
testify thereto, except as to those matters which are explicitly set forth as based upon
my information and belief and, as to such matters, I am informed and believe that they

1 are true and correct.

2 1. Attached hereto as Exhibit “2” is my Declaration filed with the Court on
3 October 13, 2022 demonstrating compliance with the Court’s Order for Preliminary
4 Injunction. That Declaration details my compliance with the Preliminary Injunction
5 and Plaintiffs’ assertions to the contrary in the instant motion are incorrect.

6 2. With respect to the claimed deletion of the Google Workspace account,
7 I did not delete the Google Workspace account in October 2022. On August 9, 2022
8 I did disable access to the account, however access was restored on August 16, 2022.
9 No data was lost because of this.

10 3. On October 6, 2022, I made Roxanne Taylor the administrator for the
11 account, and I was no longer administrator. Nothing in any of the evidence provided
12 to the Court shows otherwise. When the alleged deletion of the Workspace account
13 occurred on October 10, 2022, I no longer had access to it.

14 4. With respect to the nine domains at issue in the subject motion, I had a
15 discussion with Quincy Newell regarding the domains and I registered them in August
16 2021. I was advised by Quincy Newell, and I am informed and believe, that Quincy
17 spoke with Roxanne Taylor regarding these domains and she did not want them.
18 Hidden Empire never paid for these domains and never owned them. The
19 registrations for the domains expired in August 2022, and they were not renewed.
20 Therefore, I could not transfer them to Plaintiffs after August 2022.

21 5. Plaintiffs attempt to imply that I, using the name “Jacky Jasper,” control
22 the nine Icelandic domains. I have never used the name “Jacky Jasper” and Plaintiffs’
23 assertions to the contrary are mere speculation and unsupported by the evidence.

Case No.: 2:22-cv-06515-MWF-
AGR(x)

**DECLARATION OF DARRICK
ANGELONE IN RESPONSE TO
COURT'S ORDER FOR
RESPONSE DEMONSTRATING
COMPLIANCE WITH COURT'S
ORDER FOR PRELIMINARY
INJUNCTION**

ASSIGNED TO THE
HONORABLE: Judge Michael W.
Fitzgerald

1 1. I, Darrick Angelone, declare as follows: I am writing this declaration
2 to the Court to provide a response demonstrating my compliance with the Court's
3 Order dated September 30, 2022.
4

5 2. On Monday, October 3, 2022, I discussed with Plaintiffs' hired party,
6 FTI Consulting ("FTI"), the handling and execution of the data transfer regarding
7 the transfer of ownership and providing access to the domains in question. It was
8 agreed that the quickest and most frictionless method would be for them to provide
9 me with an HEFG Namecheap account, which would allow this to be completed
10 within hours of coordination. As of October 4, this process has been completed and
11 confirmed by FTI.
12
13

14 3. As discussed, Defendants do not own and have never owned the
15 following domains:
16

- 17 a. hefg.com
- 18 b. Climb.org
- 19 c. Fearthemovie.com
- 20 d. Factsnotpolitics.com
- 21 e. 2getherwewillsavelives.com
- 22
- 23

24 It would be impossible for me to transfer, and Plaintiffs' hired data firm seemed to
25 agree that their research reveals the same. On October 5th 2022, when discussing
26 the domain transfer with FTI, they confirmed that Plaintiffs agreed that AOne
27
28

1 never owned or controlled the domains: hefg.com, climb.org, fearthemovie.com,
2 factsnotpolitics.com, 2getherwewillsavelives.com, and
3 hiddenempireentertainment.com. As mentioned above, Defendants do not own,
4 possess, or control the domain hefg.com. I suspect Plaintiffs have confused this
5 with my occasional use of the shorthand for hiddenempirefilmgroup.com. I have
6 attached the ICANN record showing this domain was registered in the year 2000
7 by an individual with the name “GOTW Hostmaster” with a UK mailing address,
8 and was recently renewed until 2031. There is no way I can produce this domain
9 for Plaintiffs, and forcing a domain registrar to turn it over will deprive the true
10 owner of that domain of its possession and use. A true and correct copy of the
11 ICANN record showing hefg.com registration details is attached hereto as **Exhibit**
12 **“A.”** Further, Plaintiffs have conceded that Defendants do not have ownership of
13 said domain and thus cannot transfer it. As further mentioned above, Defendants
14 do not own or possess or control the domain climb.org. Which is an active website
15 and looks to belong to: “Climb Theatre; 6415 Carmen Ave E; Inver Grove Heights,
16 MN 55076.” There is no way I can produce this domain for plaintiffs and forcing a
17 domain registrar to turn it over will deprive the true owner of that domain of its
18 possession and use. A true and correct copy of the ICANN record showing
19 Climb.org registration details is attached hereto as **Exhibit “B.”** Further, Plaintiffs
20
21
22
23
24
25
26
27
28

1 have conceded that Defendants do not have ownership of said domain and thus
2 cannot transfer it.

3
4 4. Further discussed were the following domains, which were secured on
5 or about August 6, 2021 for consideration of possible use, but which were never
6 used, and for which we have no record of any billing to or payments from HEFG
7 for these domains:
8

- 9 a. Hiddenempiremediagroup.com
- 10 b. Hiddenempiremedia.com
- 11 c. Hiddenempirereleasing.com
- 12 d. Hiddenempireproductions.com
- 13 e. Hiddenempireproductions
- 14 f. Hiddenempire.media
- 15 g. Hiddenempiremedia.group
- 16 h. Hiddenempire.studio
- 17 i. Hiddenempire.org

18
19
20
21 Payment invoices for August 2021 through the last paid invoice of April 2022
22 demonstrate that each listed domain was never billed nor paid for. Specifically, the
23 email thread conversation with Quincy on August 6, 2021 submitted as evidence
24 by Plaintiffs shows that AONE paid for and registered these domains. However,
25 HEFG was never billed for them as can be seen in the August 2021 – April 2022
26
27
28

1 payment request invoices Aone sent to HEFG. A true and correct copy of the
2 aforementioned invoices is attached hereto as **Exhibit “C.”** As I have stated in my
3 previous declarations, these domains were not ever used and not set to renew,
4 essentially letting them expire at the end of the term in early August 2022 prior to
5 the start of any legal proceedings. The domains expired on August 6, 2022, before
6 the past due balances had been received, none of which were for the costs to us of
7 managing these domains in August 2021, before the services being provided by
8 AOne were disabled, and long before litigation. After investigating who the new
9 owners of the domains are, we discovered that they were registered by a 3rd party
10 we are familiar with and who routinely registers domains that AOne and other
11 resellers allow to expire on Namecheap. We have no interest in this 3rd party
12 business and allowed the domains to expire because they were never used or paid
13 for by HEFG, and because AOne had no intention to develop them nor any desire
14 to carry the costs for another year. Because we have no interest in the company
15 who purchased them, we are not able to transfer ownership to HEFG. This was
16 noted in email communications regarding this issue between me and Erin from
17 FTI. A true and correct copy of my aforementioned email exchange with Erin from
18 FTI attached hereto as **Exhibit “D.”** Regarding the domain,
19 hiddenempireentertainment.com. This domain is not listed in the August 6, 2021
20 email with Quincy Newell where I listed the domains that AOne secured “per our
21
22
23
24
25
26
27
28

1 conversation.” A true and correct copy of my August 6, 2021 email
2 communication with Quincy is attached hereto as **Exhibit “E.”** To my knowledge,
3 this domain was never billed to HEFG nor otherwise paid for by HEFG. The key
4 phrase left out of the conversation is where I state at the start of the email and
5 above the domains listed on the purchase order is: “per our conversation, the
6 following domains have been secured *pending their use and consideration.*” The
7 phrase “pending use and consideration” is used because not all domains which
8 AOne secures are used by HEFG, or any of its affiliates, and were not usually
9 registered at the request of HEFG. These domains specifically were not used.
10 Roxanne also considered them and said that she was good with only
11 hiddenempirefilmgroup.com, and that we did not need any other ones. So, HEFG
12 was never billed for and did not ever pay for these domains despite the court order
13 compelling Aone to effect their transfer.
14
15
16
17
18

19 5. On September 30, 2022, upon receipt of the Court’s order, I provided
20 HEFG with details on the transfer of the requested social accounts. Specifically, I
21 wrote an email to HEFG in which I stated:
22

23 “All credentials for twitter and IG accounts listed in the injunction and
24 which we have control over have been shared with Roxanne. As
25 follows:

26 @hiddenempirefilmgroup
27 @blackhistoryintwominutes
28 @be.Woke.Vote

@climb.organization
@fear.movie
@meet_the_blacks
@traffikmovie
@supremacy.movie”

As of October 6, 2022, HEFG has confirmed access and ownership of all abovementioned accounts except “@hiddenempirefilmgroup.” I am continuing in my cooperation and assistance in working with FTI to restore access to said account, despite the issue being completely out of my control.

6. The social media accounts for the HEFG film “The Intruder”, which I have been ordered by the Court to turn over, are in fact owned by “Sony” who distributed the film theatrically.

7. The social media accounts for the HEFG film “Fatale”, which I have been ordered by the Court to turn over, are in fact owned by “Lionsgate” who distributed the film theatrically.

8. Defendants do not control or have possession of the following social media profiles:

- a. @the.hustle.movie (does not exist)
- b. @akuma.movie (does not exist)
- c. @deontaylor (never managed, controlled, or denied anyone access)
- d. @dtfilmtohoop (does not exist)
- e. @roxanneavent (never managed, controlled, or denied anyone access)

1 f. @hiddenempirefg (does not exist)

2 Without specific detail as to what social media platforms the ordered profiles
3 above are connected to, we either have never managed the profiles (such as that of
4 Deon and Roxanne who have always managed their own), or they were otherwise
5 suspended, expired, or never existed. On Monday, October 3, 2022, while
6 discussing the transfer of assets with Plaintiffs' hired data transfer firm, the same
7 was expressed along with the lack of specifics as to which handle (account) was
8 listed on which platform. As written, no social media company would be able to
9 comply with this order due to its vagueness and ambiguity.
10
11
12

13 9. In respect to my compliance with this Court's Order, it is important to
14 provide the Court with certain explanation. It is unfortunate that in responding to
15 Plaintiffs' Request for TRO and/or Preliminary Injunction there was not ample to
16 time to fully review and respond to Plaintiffs' claims as it relates to technology. It
17 also became evident from this Court's ruling, that there were certain
18 misunderstandings on the moving papers, the response papers, and the Court's
19 ruling. I am not asking the Court to re-litigate Plaintiffs' Preliminary Injunction,
20 nor I am asking the Court for reconsideration. This is simply to help the Court
21 better understand the existing asset transfer issues and over-all compliance with the
22 Court's Order.
23
24
25
26
27
28

1 10. To clarify the issue of whether I was locked out and tried to restore
2 my access to google workspace, I provided email proof from Google that on
3 September 6, 2022, my administrator privileges had been revoked because of a
4 dispute raised by another party. I assumed that party to be HEFG. On September 7,
5 I replied to Google and confirmed the requested information they asked me to
6 provide in order to restore access. On September 13, 2022 I followed up by email
7 regarding the status from Google as I was still unable to access the google
8 workspace administration: "Please advise status of case. Its been longer than 7
9 days and we have not had admin access restored." I did not receive a response
10 from Google until September 26, which read as follows:
11
12
13

14 "Thank you for your response. My name is Rithik and I am
15 representing the Account Recovery Team for Google Workspace. I
16 am contacting you on behalf of my colleague Prince. I apologize for
17 the delay in response. It looks like the CNAME record has been
18 removed, therefore please add the CNAME record again so that we
19 can resolve this issue at the earliest.

20 I then emailed google again on September 28 demanding access, which had still
21 not been restored. On September 29, following the hearing, I emailed Deon and
22 Roxanne to explain that for me to be able to regain access the Google server and
23 make Roxanne and administrator, I would need their cooperation. I proposed a
24 solution and did not receive a response. I sent the same solution request to my
25 counsel, JT Fox, on September 30 so he could forward to counsel for HEFG. A
26
27
28

1 true and correct copy of my email exchanges with Google through October 5, 2022
2 are attached hereto as **Exhibit “F.”**

3
4 11. For the Court’s understanding, Plaintiffs were notified on August 2,
5 2022 that Google email servers where being set up for transfer. HEFG cannot
6 conclude they were unaware of any current balance as the pertinent email thread
7 with HEFG states there is a “current balance”. Services were suspended on August
8 9, which demonstrates that Aone provided HEFG with a standard 7-day grace
9 period before doing so. To elaborate, on August 2, (before any past due balance
10 had been paid) I communicated to Sean Miller of HEFG the following regarding
11 the preparation for the transfer of the google server from AONE to HEFG:
12 “Accounts are being closed out and where necessary set up for transfer.” Sean then
13 replied: “Okay, but why is my data being transferred to the DT Asst? Like my
14 emails and stuff? Sean.” I then wrote back saying “this will need to be set up
15 internally on hefg side and transfer request made there. This is an aone service
16 being discontinued with current outstanding balance.” Sean then replied “copy” in
17 acknowledgment. This entire process entailed HEFG setting up their own email
18 server and managing it themselves, as I mention in the email thread. A true and
19 correct copy of my aforementioned email exchange with HEFG is attached hereto
20 as **Exhibit “G.”**
21
22
23
24
25
26
27
28

1 12. For further clarification, the mention of proof that HEFG has access to
2 Google emails was mistakenly identified by my counsel as being demonstrated by
3 the fact that emails included as exhibits on Quincy's declaration were sent from the
4 hefg google server accounts. In fact, they were not sent from such accounts.
5 Rather, what I sought to explain was that the request HEFG made to Google was
6 not to have the email accounts restored, but rather to have the
7 roxanne@hiddenempirefilmgroup.com email be granted administrator privileges.
8 If Roxanne or HEFG did not have access to the
9 roxanne@hiddenempirefilmgroup.com Google account as they claimed, there
10 would be no value in granting that account administrator privileges.
11

12 13. On September 14th and again on September 29th of 2022 I sent test
13 emails to sean@hiddenempirefilmgroup.com. On both occasions, I received an
14 auto-reply back from Sean stating that HEFG had a new email and to use it instead
15 of sean@hiddenempirefilmgroup.com. Specifically, Sean's email stated: "Hello
16 and thank you for your email. This email is no longer active. For ALL INQUIRIES
17 please message me at: hiddenempirefilm@gmail.com" I mention this simply to
18 illustrate that, if HEFG staff did not have access to their emails, then Sean would
19 not have been able to set up an autoreply on his HEFG email to notify people of
20 the new HEFG email address. If in fact HEFG has not accessed Google workspace
21 since it was reenabled on August 16, 2022, I believe it was their choice to do so, or
22
23
24
25
26
27
28

1 because of their inability to access or perform functions without my assistance. A
2 true and correct copy of the aforementioned auto-reply emails from Sean is
3 attached hereto as **Exhibit “H.”**
4

5 14. As of October 11, 2022, FTI Consulting has confirmed that HEFG has
6 full, exclusive control of the Google Workspace account.
7

8 15. On September 30, 2022, upon receipt of the Court order, I provided
9 HEFG with details on the transfer of the “website accounts” and asked for some
10 clarity regarding what that entailed. Specifically, my email stated:
11

12 “HEFG,
13 Regarding the following:
14 WEBSITE ACCOUNTS
15 www.hiddenempirefilmgroup.com
16 www.hyperengine.ai

17 What are you asking for on this request. There are not website accounts to
18 share access or transfer. It not clear what is being asked for. Domain
19 ownership/admin would be where these domains and where they point to
20 would be controlled. That will be forthcoming soon.. Also we do not have
21 the domain www.hiddenempire.com.”

22 A true and correct copy of my aforementioned email exchange with HEFG is
23 attached hereto as **Exhibit “I.”** FTI has agreed that neither hyperengine.ai nor
24 hiddenempire.com have active websites, and domains simply cannot have login
25 credentials. On Monday October 3, 2022, I further discussed this with Plaintiffs’
26 hired party, FTI Consulting, to handle and execute the data transfer and was
27 waiting for them to set up a server so that the data can be transferred from
28

1 hiddenempirefilmgroup.com to their own server, as servers are not transferable or
2 owned. It was agreed that neither hiddenempire.com nor hyperengine.ai have
3 websites and therefore cannot be transferred, and have no data that will need to be
4 transferred to their server. As of October 6, all of the website data available for
5 hiddenempirefilmgroup.com has been transferred to FTI Consulting to handle and
6 execute said data transfer.
7
8

9 16. Given the litigation at hand, we have ceased all development,
10 marketing, promotion of the Fear game on October 2, 2022, and have taken a loss
11 in excess of \$250,000 in the process. The Fear game has not been released and
12 nothing has been sold. Also, no NFT's have been minted (made) or sold. The
13 concept presented in November 2021 included discussion and possibilities of it
14 having stand-alone potential. However, by the time we were in February, the
15 concept had evolved such that it was strictly a marketing vehicle for HEFG's
16 movie, Fear. Thus, a stand-alone game is not possible at this point. Also, release of
17 the game was always to coincide with the film release. Neither have been released.
18
19
20

21 17. Regarding Your Honor's question concerning possible duplicate
22 domain registration, a domain can be registered with any domain registrar when it
23 has not already been registered elsewhere. It is not possible to register the same
24 domain name with multiple domain registrars under any circumstances.
25
26
27
28

1 18. As of October 4, all passwords for Twitter and Instagram accounts
2 have been provided to Plaintiffs. This was confirmed in an email exchange
3 between me and Erin Burke of FTI consulting beginning on October 3, 2022. A
4 true and correct copy of my email exchange with FTI is attached hereto as **Exhibit**
5 **“J.”**
6

7
8 19. As of October 4, ownership of the hidden Empire Film Group
9 Facebook page was transferred to the HEFG business manager account provided to
10 us by FTI. This was confirmed in an email exchange between me and Erin Burke
11 of FTI consulting beginning on October 3, 2022. *See* **Exhibit “J.”**
12

13 20. As of October 4, admin access has been provided to all the remaining
14 Facebook pages listed in the order. As of October 4, the ownership of the
15 following domains were transferred to the Namecheap account ‘roxanneavent’
16 provided to us by FTI:
17

- 18 a. Hiddenempirefilmgroup.com
19
20 b. Hiddenempirefilms.com
21 For the following, ownership was transferred despite lack of mention in the Order:
22
23 c. Meettheblacksthemovie.com
24
25 d. 2getherwesavelives.com
26
27 e. Togetherwewillsavelives.com (listed twice at xli. & xlii)
28 f. Togetherwewillsavelives.org

1 g. Factsnotpolitics.org

2
3 This was confirmed in an email exchange between me and Erin Burke of FTI
4 consulting beginning on October 3, 2022. *See* **Exhibit “J.”**

5 21. As of October 4, Plaintiffs have been provided full administrator
6 access and control over the following domains:
7

- 8 a. Fatale.movie
- 9 b. Theintruder.movie
- 10 c. Traffik.movie
- 11 d. Traffikmovie.com
- 12 e. Meettheblacksmovie.com

Subject: expired domains statuses
Attachments: 8.9.2021 FW_ Hiddenempire.com.pdf; quincy domains-email aug 6 2021.pdf

Hi Erin,

After some investigation, we have determined what happened to the domains which expired on August 6th, 2022.

- a. Hiddenempiremediagroup.com
- b. Hiddenempiremedia.com
- c. Hiddenempirereleasing.com
- d. Hiddenempireproductions.com
- e. Hiddenempire.productions
- f. Hiddenempire.media
- g. Hiddenempiremedia.group
- h. Hiddenempire.studio
- i. Hiddenempire.org

As I have mentioned on numerous occasions, the domains were registered on August 6, 2021 for *consideration of use by HEFG*. On August 9, 2021 Roxanne emailed Quincy who forwarded it to me, a message saying “*We have hiddenempirefilmgroup already?*” confirming she did not want to use the domains or pay the premium rate to register hiddenempire.com which had also been discussed between Quincy and I. I attached both emails here for clarity and context. HEFG never optioned to use them, never was billed for them, never paid for them and never sent notice to renew them prior to August 6, 2022. They were all completely undeveloped. Therefore, they were allowed to expire.

This was prior to the disabling of HEFG services for non-payment on August 9, 2022, and well before and litigation had started in September.

After contacting the address shown on the privacy guard requesting details about the current registered owner, we have determined that a company who we are familiar with and who routinely registers domains recently expired from us and other vendors, registered these domains and a score of others that had expired recently and are not subject of this litigation. I nor AOne have any interest in this company and have no way to force them to transfer the domains to AOne or to HEFG. Please let me know if I can provide further assistance. Thank you.

Warm regards,

Darrick Angelone

Good morning!

Darrick did some research and found that we can secure (buy) the website URL hiddenempire.com for \$3400.

That's the ideal URL to secure. It aligns with our future rebrand plans. What do you think? I think we should lock it down.

Let me know if we can go ahead and get it.

Best,

Quincy

Dear Google Workspace Support,

There are several parties on this correspondence, all requesting your assistance to achieve the same end goal, which is to facilitate proper administrator access for the Google workspace "[hiddenempirefilmgroup.com](#)". Two separate, previous support cases have been opened on this same matter to include:

1. Google Workspace Support 40829326: [rogue] [roxanne@hiddenempirefilmgroup.com](#) [ref: _00Df423Flu._5004Mtwex7:ref]
2. Google Workspace Support 41009848: Child case for domain [hiddenempirefilmgroup.com](#) [ref: _00Df423Flu._5004MtpVr:ref]

Currently, no user (or admin) in the [hiddenempirefilmgroup.com](#) workspace can access their account; instead, users are referred to contact the workspace admin. However, the sole admin's privileges were revoked by Google in September, likely due to parallel requests above, and so anyone's access to the workspace is in a holding pattern. Therefore, we need to get an appropriate admin email for this workspace. The prior admin account was [darrick@hiddenempirefilmgroup.com](#). That admin is copied on this correspondence through the email "[darrick.aone@gmail.com](#)", the same email used to contact Google workspace for help on this matter between Sept 6 – Sept 29 2022 in support matter "41009848". In support matter 41009848, this prior admin stated "*I have agreed to give [roxanne@hiddenempirefilmgroup.com](#) administrator privileges.*" The owner of [Roxanne@hiddenempirefilmgroup.com](#) separately contacted workspace support in matter "40829326" asking for administrator privileges (please note correspondence in that support ticket as well as in this ticket with the email [roxanneavent@gmail.com](#) as there is no way to access, at this time due to this very issue, email for [roxanne@hiddenempirefilmgroup.com](#) – error messages advise to contact the admin, but again, there is no active admin). The admin receives this error message:

Hello Darrick,

I am contacting you to let you know that another user is claiming ownership of "hiddenempirefilmgroup.com". As per the Google Workspace terms of service 'https://workspace.google.com/terms/premier_terms.html' domain ownership is a requirement for Google Workspace services. Google Cloud Support has revoked your administrative privileges while ownership of the domain is under debate.

Within seven days, you must successfully complete the actions listed below in order to prove ownership. If you fail to do so, you will not be granted administrative access to your Google Workspace account or any assets associated with it: user accounts, domains, Gmail content, Google Drive data, Google Cloud Platform projects, YouTube channel(s), Google Play developer account, etc.

This change on your Google Workspace account implies loss of administrative privileges to all assets associated within the Google Workspace account.

If you no longer own this domain, you have terminated the agreement with Google Workspace.

If you still own the primary domain name - hiddenempirefilmgroup.com, please reply to this message as soon as possible and provide us with proof of your ownership.

If your hosting provider is separate from your domain registrar, make sure you are modifying the CNAME record with your hosting provider.

For more information on how to create a CNAME record, please visit

<https://support.google.com/a/answer/47283>. If you need assistance in creating the CNAME record, please contact your hosting provider for support

2. Please answer the following account knowledge questions:

Please try to answer all of the questions, specifying a single answer to each one. If you are uncertain about some of the answers, it's a good idea to check the inbox of the personal email address you've specified while registering the Google Workspace account, or the bank that manages the payment method you're using.

- What is the username (username@domain.com) of the Super Administrator account you are trying to access?

- When did you last sign in to this Super Administrator account (MM/DD/YYYY)?

- What is the original secondary/recovery email address?

- Why are you unable to access this secondary/recovery email address?

- How many users are on your Google Workspace account?

- What are the last four digits of this card?

- What is the expiration date of this card?

- What is the billing address associated with the Google Workspace payment method?

- If you made the transaction through Google Wallet, what is the order number?

If you paid by bank transfer: (DO NOT PROVIDE COPY/SCAN OF ANY DETAILS)

- What is the date of the most recent invoice (MM/DD/YYYY)?
- How much was your most recent bank transfer?
- What is the reference number for this transfer?
- What are the last two digits of this bank account?
- What is the billing address associated with the Google Workspace payment method?

If you paid by PayPal:

- When was the last charge for this Google Workspace account (MM/DD/YYYY)?
- How much was your PayPal account charged?
- What email is associated with the Paypal account used to pay?
- What is the ID of your last invoice?

Also we still need Meta business manager id to transfer and allow access to FB pages and specific clarity for the list of social handles as detailed in the injunction... and I believe we need to coordinate the 2 factor authentication for the social account credentials we've already provided via lastpass.

Hi Ms. Burke,

It was great to speak with you and refreshing to see there is finally someone with the familiarity needed to help facilitate the transfer and access to many of the assets in question and understand where the order is lacking is the needed specifics (i.e. social accounts) or demanding transfer of assets that do not exist in the capacity they are listed (i.e.: website accounts). I think we covered almost all of the aspects on the call and will briefly summarize below for the record. Please let me know if I forgot anything. It was a very productive call otherwise. Thank you.

DOMAINS:

We agree, that my suggestion for domain ownership and access can be facilitated most quickly and easily via Namecheap to Namecheap accounts. This will be done once you are able to provide me with a Namecheap user name for HEFG. You will then be required to confirm the transfer on the

HEFG side individually for each domain that is transferred or provided access to, once I have made each of the transfers. We have agreed to domain ownership transfer/access for all except those listed below, with reasons explanation included.

As discussed we do not own and have never owned the following domains. It would be impossible for me to transfer.

- HEFG.com
- Climb.org
- Fearthemovie.com

Further discussed were the following domains which were secured in August 6, 2021 for consideration of possible use, but they were never used and we have no record of any billing to or payments from HEFG for these domains. I have attached HEFG payment invoices for August 2021 through the last paid invoice of April 2022. Otherwise we are investigating the status and location of them for when the issues is ultimately resolved.

- Hiddenempiremediagroup.com
- Hiddenempiremedia.com
- Hiddenempirereleasing.com
- Hiddenempireproductions.com
- Hiddenempire.productions
- Hiddenempire.media
- Hiddenempiremedia.group
- Hiddenempire.studio
- Hiddenempire.org

The following domain is not listed on the email with Quincy on August 6, 2021 and we also have no record of HEFG being billed for or them having paid for the domain.

- Hiddenempireentertainment.com

Social Media Accounts:

Thank you for confirming you were able to access the credentials we provided to Roxanne on Friday September 30, 2022. As we agreed that lastpass was suitable for the transfer of credentials where credentials apply. Specifically for Twitter and Instagram. With Instagram requiring all people with access to have the credentials and Twitter allowing the possibility to provide access to other accounts without the sharing of credentials.

For Facebook we will wait for you to provide a Meta Business manager account ID with which we can transfer/share the profiles to.

HEFG needs to be very specific to which platform the handles they list are located on. As is, we agree that it is nearly impossible to decipher and if this injunction was taken to the social media companies they would ne be able to comply as it is way to vague and in many cases includes accounts never

owned or controlled by me or aone.

I am waiting for you to get back to me after HEFG is more specific for this demand.

Not owned or controlled by Aone, or do not exist:

- Theintrudermovie social accounts are owned and managed by Sony.
- Fatalemovie social accounts are owned and managed by Lionsgate.
- Dtfilmtohoop does not exist
- Roxanneavent we never owned or controlled and cannot transfer.
- Deontaylor we never owned or controlled and cannot transfer.
- The.hustle.movie does not exist
- Akuma.movie does not exist

Google Workspace Email

We are in agreement that Google workspace does not have a login credential per se, rather privileges are applied to users accounts, a user account typically being their name followed by @hiddenempirefilmgroup.com. Given that the only administrator account has always been darrick@hiddenempirefilmgroup.com, and it was set up in 2016 under my personal gmail account.

As we discussed, and also what I suggested to HEFG in early August was that the easdiest solution for HEFG would be for them to set up an email server with Microsoft exchange or any other email server and then we could point the DNS at the domain to their own servers and not the ones registered and administered by aone since inception. Traditionally clients are usually insistent on having and managing their own and that would be the solution. All user accounts on google are currently enabled and should be able to be accessed for them to be able to download a back up of their files, at least while we are currently in the black hole of google customer service. Since HEFG will now own and control their domain it makes the most sense that they would setup their own servers.

Website Accounts

I believe we left this in agreement that there was probably some confusion between this and domain level access which makes this transfer request moot. There are no files on hiddenempire.com or hyperengine.ai and they should have the files for HEFG and are just going to point the dns away from aone servers once they get control. Otherwise the transfer of a server not owned by either of us we can agree would be impossible to facilitate.

With regards,

Darrick Angelone

Good morning Ms. Burke,

Please advise if you will be providing a Namecheap username for your clients today, so we can facilitate the transfer and access of the domains, as directed in the injunction? We remain ready to execute as soon as it is provided to us.

The same applies for the Facebook pages, which we are waiting for a business manager account id from your client to facilitate transfer and access for those.

Thank you greatly.

Ms. Burke,

To recap our brief second conversation. We can provide cpanel to cpanel or a proper gzip of the html/css files on the AOne server of HEFG. Gzip is probably easiest but whatever is best for you will work. I am standing by for your direction. Thank you.

Subject: Follow up

Hi Ms. Burke,

It was great to speak with you and refreshing to see there is finally someone with the familiarity needed to help facilitate the transfer and access to many of the assets in question and understand

where the order is lacking is the needed specifics (i.e. social accounts) or demanding transfer of assets that do not exist in the capacity they are listed (i.e.: website accounts). I think we covered almost all of the aspects on the call and will briefly summarize below for the record. Please let me know if I forgot anything. It was a very productive call otherwise. Thank you.

DOMAINS:

We agree, that my suggestion for domain ownership and access can be facilitated most quickly and easily via Namecheap to Namecheap accounts. This will be done once you are able to provide me with a Namecheap user name for HEFG. You will then be required to confirm the transfer on the HEFG side individually for each domain that is transferred or provided access to, once I have made each of the transfers. We have agreed to domain ownership transfer/access for all except those listed below, with reasons explanation included.

As discussed we do not own and have never owned the following domains. It would be impossible for me to transfer.

- HEFG.com
- Climb.org
- Fearthemovie.com

Further discussed were the following domains which were secured in August 6, 2021 for consideration of possible use, but they were never used and we have no record of any billing to or payments from HEFG for these domains. I have attached HEFG payment invoices for August 2021 through the last paid invoice of April 2022. Otherwise we are investigating the status and location of them for when the issues is ultimately resolved.

- Hiddenempiremediagroup.com
- Hiddenempiremedia.com
- Hiddenempirereleasing.com
- Hiddenempireproductions.com
- Hiddenempire.productions
- Hiddenempire.media
- Hiddenempiremedia.group
- Hiddenempire.studio
- Hiddenempire.org

The following domain is not listed on the email with Quincy on August 6, 2021 and we also have no record of HEFG being billed for or them having paid for the domain.

- Hiddenempireentertainment.com

Social Media Accounts:

Thank you for confirming you were able to access the credentials we provided to Roxanne on Friday September 30, 2022. As we agreed that lastpass was suitable for the transfer of credentials where

credentials apply. Specifically for Twitter and Instagram. With Instagram requiring all people with access to have the credentials and Twitter allowing the possibility to provide access to other accounts without the sharing of credentials.

For Facebook we will wait for you to provide a Meta Business manager account ID with which we can transfer/share the profiles to.

HEFG needs to be very specific to which platform the handles they list are located on. As is, we agree that it is nearly impossible to decipher and if this injunction was taken to the social media companies they would not be able to comply as it is way too vague and in many cases includes accounts never owned or controlled by me or Aone.

I am waiting for you to get back to me after HEFG is more specific for this demand.

Not owned or controlled by Aone, or do not exist:

- Theintrudermovie social accounts are owned and managed by Sony.
- Fatalemovie social accounts are owned and managed by Lionsgate.
- Dtfilmtohoop does not exist
- Roxanneavent we never owned or controlled and cannot transfer.
- Deontaylor we never owned or controlled and cannot transfer.
- The.hustle.movie does not exist
- Akuma.movie does not exist

Google Workspace Email

We are in agreement that Google workspace does not have a login credential per se, rather privileges are applied to users accounts, a user account typically being their name followed by @hiddenempirefilmgroup.com. Given that the only administrator account has always been darrick@hiddenempirefilmgroup.com, and it was set up in 2016 under my personal gmail account.

As we discussed, and also what I suggested to HEFG in early August was that the easiest solution for HEFG would be for them to set up an email server with Microsoft exchange or any other email server and then we could point the DNS at the domain to their own servers and not the ones registered and administered by Aone since inception. Traditionally clients are usually insistent on having and managing their own and that would be the solution. All user accounts on google are currently enabled and should be able to be accessed for them to be able to download a back up of their files, at least while we are currently in the black hole of google customer service. Since HEFG will now own and control their domain it makes the most sense that they would setup their own servers.

Website Accounts

I believe we left this in agreement that there was probably some confusion between this and domain

level access which makes this transfer request moot. There are no files on hiddenempire.com or hyperengine.ai and they should have the files for HEFG and are just going to point the dns away from aone servers once they get control. Otherwise the transfer of a server not owned by either of us we can agree would be impossible to facilitate.

Thanks Erin. Will send you line by line details one done. We also need the email of the business account manager. For instance the HEFG page is not claimed by a business so it needs to have someone from HEFG added as an admin of the page, so you can claim it within HEFGs business mgr account. So we need a facebook account of someone to add in these instances. The email address of the person will suffice. Thank you.

Erin,

I hope we can get these confirmed from your side today for the ones we transferred and provided access too. I am not sure how to show that we do not hold the listed domains. Please let me know if you have a suggested method we can use.

Specifically, these we never registered or owned:

- Hefg.com
- 2getherwewillsavelives.com
- Climb.org
- Factsnotpolitics.com

And these were registered by hefg to consider using as expressed when registration had been communicated. But there is no record of them wanting to use, them being billed for or them paying for these domains which we let expire in August. Again, not sure how to show that these are not held in our domain registry. We made the who.is info open on all the disputed domains we do have control over. Your expertise would be appreciated on this. Thank you.

Good morning Ms. Burke,

Please advise if you will be providing a Namecheap username for your clients today, so we can facilitate the transfer and access of the domains, as directed in the injunction? We remain ready to execute as soon as it is provided to us.

The same applies for the Facebook pages, which we are waiting for a business manager account id from your client to facilitate transfer and access for those.

Thank you greatly.

Warm regards,

Ms. Burke,

To recap our brief second conversation. We can provide cpanel to cpanel or a proper gzip of the html/css files on the AOne server of HEFG. Gzip is probably easiest but whatever is best for you will work. I am standing by for your direction. Thank you.

Subject: Follow up

Hi Ms. Burke,

It was great to speak with you and refreshing to see there is finally someone with the familiarity needed to help facilitate the transfer and access to many of the assets in question and understand where the order is lacking is the needed specifics (i.e. social accounts) or demanding transfer of assets that do not exist in the capacity they are listed (i.e.: website accounts). I think we covered almost all of the aspects on the call and will briefly summarize below for the record. Please let me know if I forgot anything. It was a very productive call otherwise. Thank you.

DOMAINS:

We agree, that my suggestion for domain ownership and access can be facilitated most quickly and easily via Namecheap to Namecheap accounts. This will be done once you are able to provide me with a Namecheap user name for HEFG. You will then be required to confirm the transfer on the HEFG side individually for each domain that is transferred or provided access to, once I have made each of the transfers. We have agreed to domain ownership transfer/access for all except those listed below, with reasons explanation included.

As discussed we do not own and have never owned the following domains. It would be impossible for me to transfer.

- HEFG.com
- Climb.org
- Fearthemovie.com

Further discussed were the following domains which were secured in August 6, 2021 for consideration of possible use, but they were never used and we have no record of any billing to or payments from HEFG for these domains. I have attached HEFG payment invoices for August 2021 through the last paid invoice of April 2022. Otherwise we are investigating the status and location of them for when the issues is ultimately resolved.

- Hiddenempiremediagroup.com
- Hiddenempiremedia.com
- Hiddenempirereleasing.com
- Hiddenempireproductions.com
- Hiddenempire.productions
- Hiddenempire.media
- Hiddenempiremedia.group
- Hiddenempire.studio
- Hiddenempire.org

The following domain is not listed on the email with Quincy on August 6, 2021 and we also have no record of HEFG being billed for or them having paid for the domain.

- Hiddenempireentertainment.com

Social Media Accounts:

Thank you for confirming you were able to access the credentials we provided to Roxanne on Friday September 30, 2022. As we agreed that lastpass was suitable for the transfer of credentials where credentials apply. Specifically for Twitter and Instagram. With Instagram requiring all people with access to have the credentials and Twitter allowing the possibility to provide access to other accounts without the sharing of credentials.

For Facebook we will wait for you to provide a Meta Business manager account ID with which we can transfer/share the profiles to.

HEFG needs to be very specific to which platform the handles they list are located on. As is, we agree that it is nearly impossible to decipher and if this injunction was taken to the social media companies they would not be able to comply as it is way too vague and in many cases includes accounts never owned or controlled by me or anyone.

I am waiting for you to get back to me after HEFG is more specific for this demand.

Not owned or controlled by Aone, or do not exist:

- Theintrudermovie social accounts are owned and managed by Sony.
- Fatalemovie social accounts are owned and managed by Lionsgate.
- Dtfilmtohoop does not exist
- Roxanneavent we never owned or controlled and cannot transfer.
- Deontaylor we never owned or controlled and cannot transfer.
- The.hustle.movie does not exist
- Akuma.movie does not exist

Google Workspace Email

We are in agreement that Google workspace does not have a login credential per se, rather privileges are applied to users accounts, a user account typically being their name followed by @hiddenempirefilmgroup.com. Given that the only administrator account has always been darrick@hiddenempirefilmgroup.com, and it was set up in 2016 under my personal gmail account.

As we discussed, and also what I suggested to HEFG in early August was that the easdiest solution for HEFG would be for them to set up an email server with Microsoft exchange or any other email server and then we could point the DNS at the domain to their own servers and not the ones registered and administered by aone since inception. Traditionally clients are usually insistent on having and managing their own and that would be the solution. All user accounts on google are currently enabled and should be able to be accessed for them to be able to download a back up of their files, at least while we are currently in the black hole of google customer service. Since HEFG will now own and control their domain it makes the most sense that they would setup their own servers.

Website Accounts

I believe we left this in agreement that there was probably some confusion between this and domain level access which makes this transfer request moot. There are no files on hiddenempire.com or hyperengine.ai and they should have the files for HEFG and are just going to point the dns away from aone servers once they get control. Otherwise the transfer of a server not owned by either of us we can agree would be impossible to facilitate.

With regards,

Good morning, Erin.

I have attached the google workspace email communications to this email. Below is what I send Roxanne and Deon before the injunction was issued. Because there was some confusion on the HEFG side, on how google workspace is actually set up and managed, and because there was a belief that there was a centralized account managing it, versus the reality of it being a privileged level system. I am not so comfortable providing personal information, as I have already provided it to google on September 6, with no success. If as I proposed in the email to HEFG on September 29th, HEFG drops their dispute and the darrick@hiddenempirefilmgroup.com admin privileges are reinstated I can quickly add administrator privileges to Roxanne's account. This could be sorted very quickly once admin privileges are restored. Otherwise I am unable to facilitate anything except logging into my own darrick@hiddenempirefilmgroup.com account, sans and privileges beyond user. I attached a screenshot of what we encounter when attempting to access the administration. Please advise any suggestions you may have. Thank you.

Subject: Google workspace

Darrick,

As discussed on yesterday's call, may you forward your email correspondence with Google regarding the revocation/suspension of your admin email for the hiddenempirefilmgroup.com workspace? As none of the hiddenempirefilmgroup emails are, at this time, accessible (error messages instruct to contact the admin), we will need to proceed with resolving the workspace issue in order to create backups of the email to then proceed with repointing DNS.

Once we receive the Namecheap transfer for hiddenempirefilmgroup.com (please transfer to username "roxanneavent" as requested in prior email), we can proceed with Google on the workspace matter, but per Google's instructions, we will also need the following answers to confirm "account knowledge":

- 1) Admin email: darrick[at]hiddenempirefilmgroup[.]com, correct?
- 2) What was the recovery address used? (You mentioned yesterday this was your personal email.)
- 3) You mentioned yesterday that you paid for workspace on your credit card. Kindly provide the following requested by Google, but please do not provide full credit card details:
 - When was the last charge for this Google Workspace account (MM/DD/YYYY)?
 - How much was your credit/debit card charged?
 - What type of credit/debit card was charged (e.g. MasterCard, Visa)?
 - What are the last four digits of this card?
 - What is the expiration date of this card?
 - What is the billing address associated with the Google Workspace payment method?
 - If you made the transaction through Google Wallet, what is the order number?

Erin,

I have reshared the credentials that did not show for you in lastpass. The login issues such as with fear.movie maybe the same as we are working through now with hefg.

Regarding 2-factor, no 2 factor is enabled on the accounts, the prompt you are seeing must be related to the platform raising red flag, not 2 factor. The email for @meettheblacks is me@aoneent.com and for Traffik it is social@traffik.movie. I do not have access to the email for the later. Traffik movie may have been set up as an alias in workspace or just a forwarder at the server level, I am not sure exactly as it's been years since they were serviced.

I am standing by for further instruction from you. Thanks.

Please see my inline response for social media results on Twitter and Instagram. Only one item was successful, unfortunately. The remainder were either missing a password in the link you sent, an incorrect password was provided, or required 2FA to an email. May you please conduct password resets for the invalid and missing credentials, and send valid credentials? May you please remove the 2FA for those with it on?
